May 20, 2015
RE: VICTORIA HUMPHREY

To Whom It May Be Concerned:

My patient, Victoria Humphrey, will be undergoing daily radiation treatment for breast cancer - Monday through Friday. She will be starting these treatments on Wednesday, May 20, 2015, and they will last for six weeks. The time in the department is approximately 45 - 60 minutes.

Thank -You,

Kathryn E. Farniok, MD
