## WORK EXPERIENCE

### Sales Associate/Cashier

Plato's closet - Rochester, MN - January 2015 to Present

#### Responsibilities

I work the register clean and assist the customers with finding clothes and getting into the fitting rooms

### Salesperson

Debs - Rochester, MN - September 2014 to Present

#### Responsibilities

I am responsible for greeting the customer and helping them successfully find what they are looking for in the store. I am also responsible for working the cash register and bagging the items for the customer. If a customer needs a fitting room I will provide that for them. The other things I do at work are clean and count down my till

#### Accomplishments

I always go into work with a positive attitude, so I find that it rubs off on the people I work with. I try to keep myself motivated at all times and in high spirits doing so helps me get through the work day positively and without irritation. I love my job and I enjoy going to work everyday.

#### Skills Used

I have to think quick on my feet when a customer asks me a question. I also have to be kind and warm-hearted to get the customer really talking and having a good time while shopping. I've learned that being a great listener but also knowing when to put in your own two cents is helpful to getting what the customer wants and doing so in a timely manner.

### Sales Associate

Claire's - Rochester, MN - July 2013 to January 2014

#### Responsibilities

the duties I performed while working at Claire's were POS or point of sales meaning I had to sell merchandise to customers, I worked the cash register, I stocked and organized the new shipment in the back room. I was also responsible for cleaning and making sure the sales floor was fully stocked.

#### Accomplishments

who I feel I impacted the most were the females I worked with I always tried to make everyone's job easier by taking on more of the work load and always having a positive energy at work. I found that my mood and personality at work made the place a better environment for me and others to be.

#### Skills Used

the skills I am best at using would have to be my ability to adapt well to new things, my social and people skills, and my ability to think fast on my feet.

## EDUCATION
