Career Goal

To integrate technical skills, customer service experience and related education to meet and exceed business and customer objectives.

Experiences

Utility Maintenance Worker

First Transit

Rochester, MN

Start Date: 12/2015 to present

Cleaning the interior and exterior of the transit buses, fueling them at the end of each service days and running them through the wash bay. In addition to that if any of those buses went out of service due to mechanical failures, it is my responsibility to deliver a substitute bus to a designated transit drivers. I do have a commercial driving license (Class B CDL with airbrakes plus passenger endorsements) to accomplish the above mentioned duties.

Breeding technician/Gestation

New Fashion pork

Round Lake, MN

Start date: 03/2013 End date: 11/2014

Breeding sows and gilts, making sure that all sows and gilts are fed, treated and have water to drink. Administrating group vaccinations and maintaining the gestation department clean. In addition to that moving sows and receiving them plus keeping breeding records was a part of my duties.

Direct care Professional(DSP)

New Dawn Inc

Worthington, MN

Start Date: 06/2012 End Date: 03/2013

Provided assistance to disabled consumers in their daily activities; bathing, grooming and help them out in their daily tasks that they should accomplish. Provided medication administration to our consumers on proper time and documented those activities using computer. The company had provided me a CPR training and taught me a safety procedures I should follow incase of emergencies.

Production Employee/Labour Job

JBS/Swift

Worthington, MN

Start Date: 10/2009 End Date: 08/2011

Engaged in different types of tasks; packing, loading, pushing hogs and was able to get along with many co-workers I have worked with.
