WORK EXPERIENCE

Store Manager

Pretzelmaker - Rochester, MN - May 2015 to Present

Responsibilities

I am responsible for every facet of the store. I did the hiring and scheduling. My duties also included taking complete inventory as well as ordering all the products. I also worked to keep the labor hours under a acceptable percentage. I also managed the cost of goods. Sales, i needed to watch and adjust when needed to for example creating a special on tuesdays which were are slowest days.

Accomplishments

When I arrived to the store my first day there was no organization at all. The store is now 100% organized. The sales have differently jumped since i have been there. I make it a priority also for having a great moral around the store. We spend 40 hours a week there we should enjoy it and have fun! These are just a few different things i have accomplished. I would have to say tho i wouldnt beable to accomplish these without fellow coworkers we have great teamwork.

Skills Used

Customer service. professional calls. product knowledge. Responsibility, organization, computer, money handling and bank deposits.
