

TN NAFTA Professionals Social Security Number Policy

The following policy applies to only employees present in the US on a TN VISA

As a non-citizen in the United States on a DHS employment authorized TN visa I understand that it is my responsibility to apply for a Social Security Number (SSN), in person, at my local Social Security Administration (SSA) office, as soon as possible upon arriving in the United States.

I agree to send a copy of my SSN application receipt to my contact at (Corporate Management Group) as soon as I receive it from the SSA.

I agree to send proof of my newly issued SSN to my contact at (Corporate Management Group) as soon as I receive my Social Security Card (SSC).

Further, I understand that if I fail to apply for and/or fail to receive an SSN within 90 days of my first day of work for pay at (Corporate Management Group) my assignment may be subject to termination.
