

Kin Abdulah,

~~A~~ Zamzam Hassan and I had had a violent history where she would attack me and my children and its carried onto my work location. we have had multiple reports to the rochester police department to the point where she has had to move out. yesterday right off the bat she had threatened me with non verbal communication indicating she would choke me while sneaking trying to adjust her mask and it should be visible through the camera. it should be through the time 2:30 + 3:30 - Near MV2 by the Gloves & Cabin 4
