Subject: RE: Rotary Incident

I was notified about the situation between yahya and Gerson. Gerson told me that yahya was upset because it was passed 9:30am and the rotary had not gone to break. Gerson said that the rotary brook down that's why it took them long to finish the hooper. And what upset Gerson is that Yahya kept saying (you need to learn how to do your job) Gerson also mention that it had happen before. Oscar and QA Jim are witness of what happen.

Subject: Rotary Incident

See attached video.

Yahya Raheem and Gerson Lasala had a confrontation in the Rotary room this morning. Yahya didn't like something Gerson was doing that he feels affected his job, so he confronted him a negative way and start pointing at him. Then he walked away and Gerson slammed some tools down on a table and went over and did the same thing to Yahya. The negative interaction then continued for a little while longer. As you can see there were witnesses to this interaction also.

Yahya is doing good he has been working on the MV1 machine mainly using the waterholes foaming and scrubbing. He does not clean the depositor anymore because of the amount of hand work it calls for, stocking shelves he is working out great!!

Thank you
Darryl
