### **Site supervisor**

December 2020 to December 2023

I have been a site supervisor from 2019

To date, I started as an artisan doing manual jobs in construction industry

From labourer to artisan then foreman and lastly as a site supervisor and my supervision I have achieved a lot, I can direct my team at the same time competing with them for more production, achieve more at less time

### **Site supervisor**

December 2018 to December 2020
