Work Experience

Bartender/Server

Mackenzie Place Assisted Living - Colorado Springs, CO
September 2022 to October 2022

I would prep for everything as well as cleaning, helping with food if needed, and the line for food. There were two-floor levels with a kitchen the lower level is the main and the top level is not. Each kitchen is different and top kitchen has no leads or managers so you have full responsibility. This job requires skill and knowing as any serving job would. Now when it comes to bartending the same thing requires skill and knowing as any bartending job, I did both bartend and serve. Along with this we did deliveries and to go orders/ pickups

I was hired as cashier but they switched me to Sales Associate, the Job details were backup cashiering when needed, I worked AutoMotives, and Farming. There were zones to the store and I just so happened to work Zone 1 which was Auto and Farming, With this you help people around the store, work warehouse, stock, pricing and sales, online orders, as well as keeping to AutoMotives work and Farming work around the store. Times I worked outside for Auto Mechanical work, or inside running orders or getting parts, stocking parts that came from a truck load and moving that load around in the warehouse, keeping things up to date and in position, tag scans etc. Same with Farming was the exact way, working outdoors as well as indoors.
