Objective: Seeking employment in which my past experience can be utilized to benefit the sharps medical waste field.

Highlights of Qualifications:

- * Over eighteen years experience working in medical sharps retrieval.
- * Class "B" commercial driver's license.
- * Selected, trained, managed and supervised efficient installation staff.
- * Provided onsite supervision of Installation Specialist and directed scheduling, productivity and installation timelines.
- * Assigned the distribution of hardware, fasteners, containers, and carts for assigned areas.
- * Responsible for overseeing installation team work flow and staffing.
- * Ability to conduct pre-installation audits which insures accuracy and appropriate materials and equipment are utilized. Managed time schedules and collection of efficiency of the Service Specialist to ensure appropriate staff are utilized to support the service need.
- * Selected, trained and managed service staff.
- * Responsible for maintaining installations within the cost goals.
- * Worked with the crew as an installation Specialist when needed.
- * Communicated updates to the installation and management teams when needed.
