7763 Wyandot Street Denver, Co 80221 | 720 984 0308 | [chithihuyh@gmail.com](mailto:chithihuyh@gmail.com)

---

## EDUCATION

University of Colorado Denver 2008-2013  
Biology and Chemistry Degree      GPA 3.38

## TECHNICAL SKILLS/ASSETS

- Microsoft Office    - Spartan (Wavefunction Inc.)  
- EPIC                    - Essential Lab Techniques  
*Bilingual in English and Vietnamese*

## EXPERIENCE

University of Colorado Hospital – Physical Therapy and Rehabilitation | 08/2013 – Present

- Care Team Assistance (CTA)
  - Responsible for understanding the practice and insurance policies to provide patients with reliable service
  - Ensure the patient is the number one priority by creating and maintaining a positive relationship
  - Maintain hospital inventory to be organized, updated, and sanitized for immediate and safe care

Undergraduate Pre-Health Program (UPP) | 05/2012 – 05/2013

- Summer Internship at University of Colorado Hospital (UCH)
  - Increase awareness and knowledge of the medical field by shadowing different health professions
  - Proficiency in EPIC, a data system to efficiently check patients in and display notes and history relevant to patient

University of Colorado at Denver Chemistry Department | 01/2011 – 05/2013

- Grader for Biochemistry Lecture
  - Responsible for grading homework and answering questions during office hours.
  - Tutored and interacted with students to provide feedback for improvement.
- Teacher Assistance for Organic Chemistry I Lab | 08/2011-12/2012
  - Lectured on the respected topic of the day and demonstrate proper lab techniques.

Links to Advancement in Biomedical Science Career Opportunity and Training Sections (LAB COATS)

- Undergraduate Researcher  
Neurology Department - Xiaoli Yu | 06/2009 – 08/2009
  - Performed experiments ranging from enzyme-linked immunosorbent assay, western blots, and identifying antigen of multiple sclerosis
  - Presented at seminar talks
- Biochemistry and Molecular Genetic Department - Elan Eisenmesser | 08/ 2009 – 08/2011
  - Used Nuclear Magnetic Resonance and crystallography techniques to reveal and further comprehend structures and functions of various proteins.
  - Exhibited at a poster presentation and seminar.

## EXTRACURRICULAR ACTIVITIES

- University of Colorado Denver Chemistry Club
  - Planned events for the club and chemistry department, performed green chemistry demonstrations to students of all ages and present the club's yearly activity the American Chemical Society National Meeting.
  - President | 2010 – 2013
  - Archives | 2009-2010
- Gamma Sigma Epsilon Phi Beta Chemistry Honor Society
  - One of the founding fathers of the second Chemistry Honor Society in Colorado. The purpose of the society is to acknowledge outstanding students in the field of chemistry at University of Colorado Denver.
  - Grand Alchemist | 2012-2013
  - Alchemist Apprentice | 2010-2012

## VOLUNTEER ACTIVITIES

SAME Café | 2010-2013      Girls on the Run | May 2014      Health Professions Opportunity Day | April 2013  
Extreme Community Makeover | July 2011      Denver School for Science & Technology | April 2014
