tjadams480@yahoo.com - (815) 219-5469

Machine Operator with positive attitude, commitment to safety and quality customer service

### Highlights

Fast Learner

Initiative to work independently

Strategic thinker

### WORK EXPERIENCE

#### **Machine Operator**

Taubensee - Wheeling, IL - June 2013 to Present

##### Responsibilities

I operated a machine that turned steel wire ranging from quarter inch to half inch into arrow strait bars. I was responsible for making sure I was within .002 from the allowed diameter. I was to make sure oil levels were adequate to operate the machine.

##### Accomplishments

I made high quality material for all of our customers going above and beyond my quality tolerance to insure customer satisfaction.

#### **Maintenance Mechanic**

Taubensee Steel and Wire - Wheeling, IL - January 2013 to Present

##### Responsibilities

I was responsible for making sure all 67 machines were maintained and running efficiently. I welded broken parts. I repaired any problem with machines including electrical, hydraulic, or mechanical. I was mainly a pm mechanic focusing on keeping belts tight, fluid levels correct, all machines greased, air filters cleaned, hydraulic filters changed, all hydraulic cooling systems cleaned and properly working.

##### Accomplishments

I made sure all machines were running properly and to there optimum performance keeping down time to a minimum.

##### Skills Used

Welding

Troubleshooting electrical problems

Plumbing

Preventative maintenance

#### **Supervisor**

Jims Landscaping - Springhill Florida - May 2010 to May 2013

Supervised Crew of 6

Installed lawns, plants, shrubs, bushes and mulch. I designed flower beds and the layouts of plants and different trees.

### **General Laborer**

Trepala Contracting - Johnsborg, IL - February 2005 to May 2010

Maintained and operated a wide variety of machines including:

Back hoes, skid steers, dump trucks, fork lifts, scissor lifts and compactors.

Completed all repairs and maintained company standards to ensure customer satisfaction

Followed company procedures

Planned work and determined appropriate tools and equipment.

Repaired wiring, plumbing, equipment and machinery.

Used hoists and cranes to lift work pieces to machines.

Worked overtime including evenings and weekends to respond to emergency and safety related issues.

Maintained compliance with company standards to perform all maintenance activities.

Maintained positive relationship with all customers, employees, and supervisors.

### EDUCATION

#### **Mechanics**

Johnsborg High School - Johnsborg, IL
