OPERATING ENGINEER LOCAL 139 - PRECISION PIPELINE LLC AND ENCOMPASS PIPELINE LLC

Operated heavy equipment for Encompass and Precision Pipeline installation contractors. Cooperated with crew to install extensive system of natural gas and petroleum pipelines for Access Midstream, Mark West, Embridge, and Talisman energy companies. Job duties include operating Excavator, Sideboom, Loader, Skid Steer, and Bulldozer. I have over 1,500 hours logged in an excavator. Excavator duties include Allu Bucket, Padding, Backfill, Roaching, excavating, loading and unloading trucks, mat installation with headers, runners, and decking, and some digging. I have worked on Tie-Ins, Right of Way, Ditch, Backfill, Road-Boring, Directional Drill, and Environmental crews respectively.
