### Objectives

I believe your company can provide me with a better understanding of how to be a great leader and worker. I want to build upon my skills I already have so I can achieve greatness. What I hope to obtain from your company is vast knowledge about everything you do and I want to show the company I have what it takes to move up the chains and be a great leader.

### Education

Perry High School  
Diploma  
Graduated May 2011

### Employment History

Stark Truss  
Builder/Operator  
canton, Ohio  
June 2013 – October 2014

I followed complex schematics to set up and build wooden trusses by using my skills with measurements and ability to operate heavy presses. I have also used heavy duty saws to cut the lumber to the according size and angle . I have built and set up steel trusses using drills and galvanized screws. I have a great knowledge of all the different gauges of steel and grades of lumber. ^

East of chicago pizza  
Delivery driver  
Massillon, Ohio  
October 2014- current

Great communication skills and I am very out going and outstanding customer service.
