OBJECTIVE:

To obtain a position where I can best utilize my considerable problem solving and mechanical skills with a growing organization.

SKILLS:

Over ten years of forklift experience. I am very safe in all aspects of everything I do. I can also use a wide range of hand, and power tools. I am a very fast learner and posses great problem solving skills while successfully completing each task. I have the ability to work in any weather conditions.

WORK EXPERIENCE:

Vestas/nacalles

Brighton, Colorado 80603

12/2015-5/07/2015

Build roofs, and sides using an overhead crane. different sized nuts, and bolts. Installed windows, and Anchor handles to the roofs. Sealed all seams with sikaflex.

Foreman/US Division Rep

Insulation Snakes

Casper WY, 82609

11/2011 - 11/2014

Responsible for assigning daily staff duties. Conducting weekly, and monthly inventory count, ordering all materials used and kept in stock. Performed quality control checks; ensured every product was built with the utmost efficiency and top quality. Scheduled shipping on all orders, loaded and unloaded trucks. Provided excellent customer service; taking customers orders and complaints, assisting customers to find solutions to problems and assisted customers with custom designs for irregularly shaped items that required insulation. Interviewed and hired seasonal crew members. Processed bi-weekly payroll.

Warehouse Lead-man

Coca-Cola High Country

Mills WY 82644

12/2010 - 11/2011

Built product pallets by using pick lists to accurately pull items for each pallet to corresponding trucks. Wrapped each pallet order and loaded onto individual trucks. Unloaded incoming trucks. Returned product to the warehouse and rotated products according to expiration dates.

Casing Cleaner

B and H Services

Casper, WY

11/2009 - 10/2010

Cleaned, and inspected pipe for oil rigs; brushed inner and outer threads with solvent dipped brushes until clean. Strapped and measured each pipe and recorded the measurement on each individual pipe.

Cabinet Maker/Installer

Colorado Rail Car

Ft. Lupton, CO

4/2008 - 8/2009

Built, and installed cabinets, counter tops and tables. Also installed appliances, doors and seating inside train cars. Used a variety of hand and power tools associated with cabinet making including, but not limited to a plasma cutter and rivet guns. Operated forklifts.

Cabinet/Counter Top Maker

J. E. Schultz Custom Mill Work

Aston, PA

7/2000 - 4/2008

Created cultists by using blue prints and shop drawings. Cut all of the corresponding parts. Prepped and used each part to build cabinets and counter tops for each job.
