### SKILLS

Im 21 years of age im very smart and skilled at mostly everything i do, im a fast learner im self motivated as well as very ambitious, i take pride in my work im great with computers and i work hard and effectively at all times. I have a year plus experience driving flatbed trucks as well as experience operating all classes of forklifts. I drove flatbed trucks and delivered drywall for a year and a half loading the bed of the truck with materials every morning using forklifts of all sorts was a part of my daily routine. In my work Career ive also got experience loading and unloading trucks using forklifts class 1 through 4. I also have customer service experience from working at wal mart im a great people person and a good listener as well as a quick thinker when needed. I also was employed as a lot technician at the sharpest rides where i handled and ran the lot from detailing to parking the cars in line and doing paper work. I do not have a resume on document but contacted for further interviews i will be able to supply you with a hard copy resume with the rest of my work experience. I feel like i could bring great skills and assets to any company along with a good work ethic and possitive attitude.
