

STEPHEN BROWNING II

Address: 154 Mulberry Circle Lynchburg, VA

Phone: (434) 660-1969

E-mail: sbrowning73@hotmail.com

Accomplished, highly motivated individual looking to use the knowledge and skills gained through my years of experience in the manufacturing of pharmaceutical products in the best way possible to help in achieving the company's goals.

Work Experience

Teva Pharmaceuticals U.S. Generics / Forest, VA / 2009–Present

Validation Technician

- Assist in the assessment of new training and manufacturing concepts by providing experimental study plans, technical support and process improvements for equipment, products and procedures for new and validated processes.
- Use equipment knowledge and information gained from Technical Services, Research and Development, and Engineering to develop validation and performance qualification process protocols to ensure specification and strict documentation requirements have been met.
- Review and interpret analytical, physical and stability data to prepare technical reports for FDA submission by summarizing results and process performance trends of data generated during protocol execution.
- Perform review and modification of Manufacturing Batch Records and Standard Operating Procedures from a technical and compliance standpoint to assure documentation accuracy and production efficiency.
- Developed and maintain databases for tracking samples submitted to the laboratory for analysis and retrieval of physical data testing results.

Teva Pharmaceuticals U.S. Generics / Barr Pharmaceuticals / Forest, VA / 2005–2009

Compounding Lead Technician

- Trained personnel on the use of Batch Record instructions and Standard Operating Procedures for the complex processes and machines involved in manufacturing of pharmaceutical drug products to ensure 100% compliance with all current Good Manufacturing Practices (cGMP's).
- Responsible for reporting and/or escalating to Management and Quality Assurance any conditions or problems that may affect the quality or integrity of the product.
- Performed troubleshooting and inspection of machine parts and equipment as required. Including but not limited to the set up, operation and cleaning process of Blenders, High Shear Mixers/Granulators, Fluid Beds, Pumps, Dryers, and Mills/Sieves.
- Work closely with Planning, Quality Assurance, Training, Validation and Research and Development to ensure personnel training and manufacturing schedules are maintained.

Barr Pharmaceuticals / Forest, VA / 2003–2005

Compounding/Encapsulation Technician

- Became proficient in the use of Manufacturing Batch Record instructions and Standard Operating Procedures to ensure all current Good Manufacturing Practices (cGMP's) were met during the set up, operation and cleaning process
- Gained invaluable knowledge in the workings of equipment used in the manufacture of pharmaceutical products, including but not limited to the set up, operation and cleaning process of Blenders, High Shear Mixers/Granulators, Fluid Beds, Pumps, Dryers, Mills/Sieves, Encapsulators, and Weight Sorters.

Ericsson Mobile Communications / Sanmina-SCI / Lynchburg, VA / 1999–2003

Electronic Technician

- Became proficient in the use various types of test equipment including but not limited to Digital Multimeters, Power Supplies, Signal Generators, Oscilloscopes, Spectrum Analyzers to ensure the proper operation of RF, Analog, and Digital circuitry.

New River Lumber / Hico, WV / 1991–1997

Production Supervisor/Maintenance

- Responsible for a group of 12-25 people to ensure production schedules were met.
- Performed repair and preventative maintenance for various types of hydraulic, pneumatic, and conveyor systems.

Education

National Institute of Technology / Crosslanes, WV / 1997–1999

Associates Degree Electronic Engineering and Computer Technologies

Software

Oracle	LabWare LIMS
SAP	Sequel LIMS
Trackwise	Stat Graphics
Wisdom	Excel
GxPharma	Word

Hobbies

Whitewater Kayaking
Adventure Touring Motorcycles
Mountain Biking
Hiking / Camping
Travel
