### Process Experience:

Assembly, Sub-Assembly, Testing, Inspection, Calibration, Hand & Power Tools

### Selected Skills:

- Training co-workers on proper procedures/methods.
- Working with engineers and technicians to improve processes.
- Troubleshooting field returns and estimating repair costs.

## PROFESSIONAL EXPERIENCE

GAYMAR/STRYKER CORPORATION, Orchard Park, New York

2006 - 2012

*Stryker is one of the world's leading medical technology companies.*

### **Assembler/Spear Parts Technician (2011 - 2012)**

Compiled orders and sent out to new and existing customers in a timely manner. Sub-assembled spare parts to ship to corporate office. Managed multiple tasks successfully with minimal direction.

- **Helped to reduce turnaround time** in the Repair Department.
- **Consistently met aggressive delivery schedules** for customer repairs.
- **Worked with engineer** to resolve issues with pumps.
- **Maintained an excellent safety record** without a recordable injury.
- **Trained new and temporary employees** on proper procedures.

### **Senior Packer (2010 - 2011)**

Packed and filled orders to be sent to warehouse for shipping. Met daily and monthly quotas on a consistent basis.

### **Assembler I & II (2006 – 2010)**

Performed sub-assembly, assembly and calibration of control units and other medical products. Calibrated utilizing manometers and other equipment.

- **Worked with the engineer** on pre-production assembly for the pump to define ways that it easier to assemble in final production.
- **Cross-trained to work** on several assembly lines.

**Fera's Lunch Hour** – Cashier and Food Preparation

1998 – 2005

**Our Lady of Victory Hospital** – Foodservice/Cashier

1988 – 1996

**Rite Aid** - Cashier

1985 – 1988
