## Summary

Experience operating Machines like Packing Machines, Assembler Machine, CNC Machines, Mill, Mori-Seiki, and Blender machines. I been working with this type of machines and I have the knowledge to operate them. I have experience in the metal and steel manufacturing industry. Also I have warehouse experience like sorting, picker and packer, lines assembling. What I like to do the most is machine operator because I think there is more opportunities to learn more new things and is something that I like to do.

## Highlights

- Fluent in English, Spanish
- Familiar with, chronometer, Comparator, CNC Blueprints, Caliper, micrometer.
- Packing and scanning orders
- Operation records maintenance
- Thread and plug gages
- Initiative to work independently
- Metal working ability
- Machine Quality Control Of product and hardness tester
- Basic knowledge to set up a machine

## Achievements

- Most of my knowledge is based on the different jobs that I have been doing since I started working. I am a very responsible person and I try to learn the most I can so I can give the best of me to get high quality of production.

## Experience

Optimum Nutrition

October 2013 to May 2014

### Machine Operator

Aurora, IL

I used to work in the weight station, weighing products to prepare proteins and send them to the blenders, I used a scanner to scan the product and put the information in the order we were running and everything had to be in order to avoid making errors. I also learned to operate blenders among some other electrical equipment.

Chips Manufacturing, Inc

November 2012 to May 2013

### Chips Manufacturing, Inc

West Chicago, IL

CNC Machine operator metal and steel manufacturing, My responsibility is to keep different machines running that includes change tools, check measures using blue prints and some other tools to detect production problems, and analyze production to maintain good quality.

Olam tomato Processors

July 2011 to February 2012

### Machine Operator

Woodland, CA

Douglas packaging machine operator, I was In Charge to maintain the machine running and have a record of how many packets comes out per hour, also I was in charge to setup the machine, some time I was the team leader of the line.

## Education

Pioneer High School

2011

High School Diploma
