WORK EXPERIENCE

metal parts

greif inc. - Tonawanda, NY - March 1991 to July 2014

Responsibilities

where ever they needed me, from press operator, to rubber gaster oper, to fork lift operator, loading and unloading products and materials, so peace work and more

Accomplishments

my impact was being a operator, to becoming a instructor to others on learning these jobs under my supervision to provide all that work with me to achieve a certain level of professional, to greatly improve our overall worth, to overselves and to our company

Skills Used

from every day common sense, about safety to daily operational matters, to cut back on waste and company productivity..that benefits us all making sure we all go home with all our of the parts that we came here with

EDUCATION

high school, and voc school in machine shop

potter road voc school - West Seneca, NY
