I am a hard working young man. I'm just looking for a chance to show my talent and hard work. I know words don't mean a lot to people these days. But I am a man of honest and action. Action at work that is.

Authorized to work in the US for any employer

WORK EXPERIENCE

Plant Maintenance

Laramie County Community College - Cheyenne, WY - December 2012 to May 2014

Responsibilities

My responsibility was to make sure our students had a clean and safe environment.

Accomplishments

My impact on this job was major because I would get up some mornings at 5:30 or 6a.m to plow snow or clean out parking lots. I also dumped and picked up trash that cause bad smells and a messy parking lot. I made sure students were able to sit on clean fresh cut grass and read a book.

Skills Used

Speed, Strength, Responsibility, timing.

Forklift Operator

Crown Home Furnishing - Loris, SC - February 2009 to September 2011

Responsibilities

My job was to load/unload trucks while operating a forklift. I loaded/unloaded trucks by hand. I also did inventory and scanned work into different warehouse sections.

Accomplishments

The impact I had on this job. I would have to say my ability to load trucks is amazing. The reason why is because of the time frame and the neatness of my work.

Skills Used

I demonstrated speed, neatness, happiness, friends, and a safe working strategy in a difficult environment.

Engineer

WYDOT - Thermopolis, WY - June 2014

Responsibilities

I take GPS locations out. I also blue top which is to determine how much gravel should be poured for a road base. I mainly supervise any things that goes on throughout the day and keep a count on it.

Accomplishments

Even though I haven't been here that long. I have had the impact to help the ones that have been here for several years job less stressful and more of a helping hand.

Skills Used

Well any skills can really be demonstrated on this job just as much as any other job. I was a college student who did work plant maintenance and played basketball on a scholarship. So working long hours, finding locations, and seeing what has been done. As well as what needs to be done within a certain time frame.
