- Have worked with Kawasaki Motors Corp. from 1977 to present.
- References: Helen Eyermann 616-304-3829 and Lisa Russo 616-885-0953

Highlights

- Warehouse and fulfillment
- Distribution logistics and procedures knowledge
- Inventory control
- LTL knowledge
- Detail-oriented
- Customer service-oriented
- Decisive

Skills and Accomplishments

- Getting things done, being productive and seeing possibilities for solving problems in fresh ways.
- Organizing and following through on all projects.
- Used propane forklift to load trailer at warehouse.
- Achieved 99% accuracy during 2014 on shipping packages out the same day.
- Named Employee of the Month and Employee of the Year
- Ability to work well with management and other employees
- Mechanical skills : To take a car engine out of a car replacing gaskets and putting back in car. Tools I've worked with have been impact drivers, saws and many other power tools.
- Have worked with Kawasaki Precision Machinery when they were in our building. I used to pick, pack and ship parts and make pallets and crates for hydraulic motors while being an employee of Kawasaki Motors Corp.
- Have done general maintenance of the warehouse painting walls and replacing overhead florescent lamps in the offices and warehouse. Cleaned the sidewalks, and door ways from snow for several years. Built racks to put parts on in all places of warehouse.
