**PROFILE** Strong foundation in industrial processes, repairs and computer documentation complemented by knowledge of business operations and the need for customer-focused service.

Track record of initiative and achievement — seeking out additional responsibilities and expanding job description boundaries, volunteering, and being selected for positions of responsibility within chosen field.

**EDUCATION** **High School** 1997

*Escuela Juan Ponce de Leon*

Rio Piedras, Puerto Rico

**EXPERIENCE** **Industrial Supervisor** 9/2009-Present

*Flexitank, Inc. (Guaynabo, Puerto Rico)*

Responsible for coordinating and delegating repair jobs assuring successful completion of ISO (International Standards Organization) tank, chassis and machinery repair. These efforts were instrumental in attaining company objectives that often surpassed 700 units per month.

- ISO TANKS:
  - Scope: Worked with team to evaluate tanks and perform repairs and required inspections in order to position inventory for operations. Maintained repair documentation along with confined space documents and ultra-sonic evaluations.
- CHASSIS:
  - Scope: Determined chassis condition and delegated the corresponding repairs to the team. Final certification of equipment was in compliance with the FHWA (Federal Highway Administration) and dated certificate was attached to the equipment.
- HEAVY EQUIPMENT:
  - Scope: Assisted with the operation of equipment during peak hours. This consisted of operating a Fantuzzi and Kalmar 45ton reach stacker and a 15ton Hyster empty stacker. Additionally operated an Ottawa yard tractor, a compact short distance semi-truck.

**Coatings Supervisor** 11/2008-9/2009

*PR Drydock (San Juan, Puerto Rico)*

- SHIP COATINGS:
  - Scope: Applied my knowledge of industrial coatings to the marine coating field. Maintained records of temperature, relative humidity and dew point on the system being applied.
- SURFACE PREPARATION:
  - Scope: Based on client needs and surface variables, determined the best form of surface preparation. Proficient with the systems, operation and maintenance of the Husky 40k UHP water jetting rig, Clemco sand blasting pots and Graco pressurized paint delivery systems.

**Quality Control Manager** 2007-10/2008

*Industrial Coatings Services, Corporation (San Juan, PR)*

- The company was involved in large scale industrial paintings of tanks, buildings and industrial structures. I was tasked for creating and implementing strategies that improved productivity while controlling overhead expenses.

**Supervisor**

1999-2007

*Industrial Coatings Services, Corporation (San Juan, PR)*

- Successfully managed large projects and consolidated operations to streamline costs while improving productivity. The experience gained in this position has given me the confidence to tackle difficult problems while developing interpersonal skills.

**Assistant Manager**

1995-1999

*Conchita Supermarket (Rio Piedras, Puerto Rico)*

- I started out as a cashier in this family run business. From this experience I started to learn the importance of quality customer service and sought out additional responsibilities. As a result I was given my first opportunity into supervision.

**ADDITIONAL SKILLS**

- HAZWOPER 40 hour training & refresher
- Occupational Medical Surveillance
- Drug Screening
- Trained in tank wash operations
- Emergency Spill Response team member
- QHSSE team member  
(Quality Health Safety Security and Environment)
