## ASQ Certified Quality Inspector

Brooklyn Park, MN 55428  
ttforsell@hotmail.com - 612-387-2986

### WORK EXPERIENCE

#### **Mechanical Inspector**

Lake Region Medical - Brooklyn Park, MN - October 2002 to Present

I work in the QA department as a Final Inspector and do receiving inspection of raw materials. LRM is a medical device manufacturing company that supplies Medtronic, Boston Scientific, and St. Jude Medical. I inspect machined Titanium and Stainless Steel parts to blueprint specifications.

#### **Quality Control Inspector/Warehouse Work/Data Entry**

Pro Staff & Reliant Employment Group - Minneapolis, MN - November 1998 to September 2000

- Inspected parts at Kurt Manufacturing
- Filling orders and loading trucks for A&L Chemical company
- Norwest Bank: Data Entry/Accounting

#### **CNC Machinist**

Machinecraft - Minneapolis, MN - November 1994 to October 1998

Program, set up, and operate CNC mills and lathes. I machined Aluminum castings for John Deere and Polaris. Also, set up and operate manual Bridgeport mill and drill presses. Load trucks with forklift.

### EDUCATION

#### **3 years of college in Political Science**

University of Minnesota - Minneapolis, MN  
1989 to 1991

### SKILLS

SmartScope: I have successfully completed a self-tutorial course in SmartScope programming. I can set up and run multiple part numbers on optical gaging systems, verify/validate readings, and troubleshoot.

### CERTIFICATIONS

#### **ASQ Certified Quality Inspector, March 2008**

The coursework and exam covered: Technical Math, Metrology, Calibration, Blueprint Reading, Sampling, Inspection and Testing, Statistical Applications, and Quality Improvement

#### **Geometric Dimensioning & Tolerancing, Hennipen Technical College, March 2001**

### ADDITIONAL INFORMATION

I have broad capabilities and can adapt to work requirements as necessary.

Interests: All-Season Bicycling, Fishing, Camping, Football, and Bass Guitar
