## WORK EXPERIENCE

### **Machine Operator/Material Handler**

Sun Products - Salt Lake City, UT - August 2010 to August 2015

#### Responsibilities

Set up and operate blow molding machine to mold plastic products according to specifications: Turns valves to start flow of water and release air pressure to machine.

Move machine controls to set timing unit and temperature of heating unit and start automatic feed mechanism.

Adjusts machine mandrel and aligns mandrel with mold chamber, using wrenches.

Start molding machine that automatically feeds material from mixing unit to mandrel and to mold chamber.

Closes chamber to mold product under heat and pressure.

Remove workpiece from mold after timing device opens mold, and trims excess material from workpiece, using knife or bandsaw.

Regrind excess material and unsatisfactory workpiece for reuse, using grinding machine.

Weigh completed workpiece to determine accuracy of machine operation.

#### Accomplishments

N/A

#### Skills Used

Demonstrating knowledge of products and machinery, packaging items using packing materials, using RF scanners to accurately pull customer orders from single items to full case loads using crates and electric and or hand pallet jack for loading and staging pallets on shipping docks according to delivery destinations and routes.

### **Material Handler**

Mckesson Corp. - Salt Lake City, UT - June 1998 to August 2010

#### Responsibilities

Team meetings every night before shift, supervisor assigns individual to specific department or line, set up work station with pallets and totes, using RF scanner to pull customer orders from alpha numeric locations. Pack customer orders in totes that are assigned with customer barcodes, palletize 30 high then shrink wrap, using hand pallet jack to walk outbound orders to shipping. Check and replace all damaged or outdated products, cycle counting, replenishing all inventory. I Also performed physical tasks involved in the shipping, receiving, storing, and distributing of products, materials, parts, supplies and equipment. Unpack and check goods received against purchase orders or invoices, maintained records of received goods, rejecting unsatisfactory items where necessary. Pulled and filled orders.

#### Accomplishments

Showing up for work on time, very reliable when needed in other departments majority of the times I was working 2 departments alone, floated to other departments when production slow down. Never late or called in made assistant team Lead after one year, made team lead and trainer after 3 years.

Skills Used

Picking orders accurately at 102 percentile, top 5 leaders in order pulling, speed, replenishing and cycle counting that I have met each quota was set.

EDUCATION

**High School Equivalent in General Study**

East High - Salt Lake City, UT

1991 to 1995
