

RAYMOND D MOSELEY

38197 County Road 132
St. Joseph, MN 56374
(320) 290-7802
raydm111@yahoo.com

OBJECTIVE

I am looking for long term permanent full time employment. I give 110% whether I'm making \$8.00 dollars an hour or \$80.00. I never miss work and am very dependable, organized and self-motivated. I recently took the Wunderlic QuickTest and scored 7 in comprehension on a scale of 1-9.

JOB HISTORY/DUTIES

Machinist

Albany Manufacturing
Albany, Mn
Start Date: 1/2014 End Date: Present
Load and unload trucks. Bend and shear steel and build products made of steel

Roof Tress builder

Matthew Hall Lumber
St. Joseph, MN
Start Date: 9/2013 End Date: 1/2014
Build roof tresses by laying out the required frame structure on a table and then connecting them with steel plates.

Painter

Decorative Development
Waite Park, MN
Start Date: 07/2013 End Date: 09/2013
I worked painting the new Bio-life Plasma building in Waite Park Minnesota. My duties include job prep (sanding and taping), cutting ceilings and corners and doors, and both rolling and back rolling the walls. This is a short term job because the contractor is from Lakeville Minnesota and was looking for local temporary employment for this job.

Forklift operator

Viking Coca-Cola
St. Cloud, Mn
Start Date: 5/2012 End Date: 6/2013
I ensure the production lines have suitable product to keep running and also removed finished product and store it in it's proper place. I also unload and load trucks.

Electro-Mechanical Technician

Sibex Inc.
Shadow Harbor, Fl
Start Date: March 2011 End Date: June 2011
Reading prints, assembly, and soldering of electronic circuit boards.
Have 6 1/2 years of military electronics experience

Laborer

Pat Gorman Sealcoating
Sauk Rapids, Mn
Start Date: August 2010 End Date: October 2010
Maintained equipment and tools required in the application of sealcoating on driveways and parking lots.
Drove various vehicles in the accomplishment of day to day duties including a 1 ton dump truck.

Tele- fund raising for the Republican Party

FLS Connect
St. Cloud,Mn

Start Date: April 2010 End Date: July 2010

Called people registered with the republican party to solicit funds. I was good at this job but my conscience wouldn't allow me to continue to beat up people on the phone in order to make money. When I spoke to elderly men or women who makes \$700.00 a month on social security I refused to harass them for their money.

Maintenance

Fulfillment Systems Inc.

St. Cloud,Mn

Start Date: October 2007 End Date: March 2010

I started out in the warehouse but the company moved me to maintenance about four months after I started. I helped my supervisor in maintaining equipment needed in the packaging and shipping of items. I also did various other duties required in the upkeep of both the interior and exterior of the building and grounds. Including the operation of a skid-steer(bobcat) and tractor mounted snow blower in the removal of snow from the grounds. In the summer I did the lawn care. I also did the pick ups and deliveries along with the daily mail run in a 2 ton truck with box. When we were slow I also worked helping on the production lines. The company went out of business in March of 2010.

Shop Clerk/Lead

MinnCorr Industries/ Sign Shop

Moose Lake ,Mn

Start Date: April 2005 End Date: August 2007

Worked with office personnel and salesman in locating past jobs we had done. Initiate paperwork with job descriptions and all pertinent data required to successfully meet the customers requirements. Coordinate between Engravers, warehouse, and assembly crew to ensure product completion and quality.

Machine Shop Lead

GoldLeaf Plastics

St. Cloud,Mn

Start Date: July 1998 End Date: December 2004

Organize and coordinate between warehouse and machine shop personnel to ensure smooth turnover time between job set-ups. Operate and maintain panel saws, table routers, jointers, drill presses, and various hand tools required for the job. I can run a CNC router and saw but i am not qualified to tool them. I operated a forklift on a daily basis and also trained and supervised temps when required.
