## WORK EXPERIENCE

### **swamper**

hydrodig - Denver, CO - December 2012 to Present

#### Responsibilities

We inspect our operators truck, so it is ready to go out for the day. We also set up the equipment before operator gets his paper work done so that they can start working as soon as they get out. We also work for the operator when they need to take a break

#### Accomplishments

How to perform the job Responsibility's to know how to do it in a timely manner and be ready to go.

#### Skills Used

Tram work, responsibility,
