Responsibilities

My responsibilities at this job consisted of selling product and meeting weekly, daily goals. also to maintain store and product cleanliness plus demonstrating great customer service and making every customer's day.

Accomplishments

I was one of the best sellers in the center and I also was able to fix up the store I was working in quite a bit from time and use.

Skills Used

I used great customer service and a personable attitude and superior listening skills, also being outgoing and energetic are probably all the big ones.

Assembler, Merchandise supervisor, Dairy/Frozen Associate

Walmart - Broomfield, CO - January 2011 to October 2013

When I was a supervisor I was very efficient at keeping all my areas clean, while maintaining product counts and it was no easy task I had seven department in two areas with practically no associates but still managed to keep everything running smooth with very few upsets. I enjoyed the work just Walmart dose not pay what they should for there positions.
