## WORK EXPERIENCE

### **Material Handler**

Paklab - Chino, CA - January 2012 to Present

#### Responsibilities

I am in charge of setting up the production line with the correct components running that day. Have the line ready to go at all times avoiding lost of production time.

#### Accomplishments

My everyday impact at this Job is by having the production line ready we take out more work order for that day

#### Skills Used

Some skills i demonstrate are that I'm a fast paced worker and I'm always multitasking and quick to learn work great with others

### **Shipping and Receiving**

PORT LOGISTICS - Walnut, CA - May 2014 to June 2014

#### Responsibilities

Loading,unloading,pick and pack,read audits,palletizing,

#### Accomplishments

During this time my main impacts to the company was that I was a fast pace worker

### **Sanitation Worker**

Wellington Foods - Corona, CA - March 2014 to May 2014

#### Responsibilities

I would have my own powder packaging production room,first take apart powder blenders,hopper,flexacon then wash and sanitize all equipments, floors, walls, machines,label machine,conveyor belts,then dry everything well wait for Q.A. To swab test all equipment making sure it passes standards

#### Accomplishments

I would have a lot of responsibilities to do on my own, some impacts were that I was a quick leaner,work great with the team that we had,everything was we'll clean and sanitize within the shift ready for start when 1st shift came in

#### Skills Used

Some skills I would demonstrated were multi tasking,working fast and under a lot of pressure making sure everything was we'll clean and sanitize since it was dry-blended powder-form dietary supplements.
