WORK EXPERIENCE

Assembly Line Worker

vestas - Brighton, NY - December 2014 to Present

Responsibilities

Assembly wind turbines in a timely manner.

Assembly and Test

Cameron - Oklahoma City, OK - June 2014 to Present

Responsibilities

Assemble and test wellheads and valves. Read blueprints and testing documents. Operate a forklift and overhead cranes to move parts. Use hand tools to assemble parts.

Accomplishments

I helped production and first pass yield raise.

Skills Used

I demonstrated a good work ethic. Showed I have problem solving skills and able to learn quickly.

Warehouse

OKC Vapes - Oklahoma City, OK - July 2011 to June 2014

Responsibilities

I received shipments of new products. Each shipment we received I did inventory of and added into our stock. I also was responsible for pulling orders and distributing them to the stores .

Accomplishments

I was one of the first employees and was able to work my way up through the company into a better position . I helped okc vapes become the thriving business it is today.

Skills Used

I had to use great attention to detail and organization. Also showed my ability to learn new computer programs as the business expanded.

Assembly and test

Cameron - Oklahoma City, OK - July 2010 to November 2011

Responsibilities

Assembled and tested parts .

Accomplishments

Learned how to use calipers , read blueprints and use documents to complete my job.
