I am actively seeking a position in the warehouse logistics, oil & gas, or customer service industry. I possess 4+years forklift operator experience and instruction administered by Houston Area Southeast Safety Council, CSTC Confined Space and TWIC certification. I would like to acquire a temporary or full-time position located in Houston or the surrounding areas, while enrolled in college on a part-time basis. My long-range career goals include achieving a successful career in oil & gas production and safety technology within a thriving energy company.
