I am looking for a job where I can utilize my molding, mechanical, and tooling experience. This position needs to give me the opportunity to broaden my skills and advance my career.

## Work Experience

---

### **Mold Maintenance Technician**

TENERE, WESTMINSTER

November 2018 to Present

Responsible for mold maintenance and repairs of production molds.

Learned mold components and assembly and gained experience using surface grinders, lathes and milling machines. Also utilized my knowledge of calipers and micrometers.

MOLD SETUP TECHNICIAN - Westminster, CO

September 2014 to October 2018

Responsible for setting molds in injection molding machines. Machine sizes

28 ton to 720 ton. I have experience with Arburg, Engel, Nissei, Toshiba,

Toyo, Robo shot, hydraulic and electric machines, Yushin robots, Yudo valve gates and hydraulic core pull set ups.

### **Quality Inspector**

Lakewood, CO

July 2013 to August 2014

Checked critical to function dimensions on injection molded product being produced daily. In this position I learned how to read and use calipers, micrometers, height gauges, gauge blocks and visual comparator equipment.

### **Machine Operator**

TENERE - Lakewood, CO

June 2012 to July 2013

Ran injection molding machine. Responsible for trimming, inserting, and packaging of injection molded plastic parts.
