Today,

Abdirahman was sent to the MV2 and Rotary room to help out. I had him working on the rotary. He said that he can't do the job and told me that he need to go back (orics 6).

I moved from the Rotary to the MV2, catching trays.

I went to the restroom and Talib informed me that there was an argument between A.O. and Cho euth and Sreymom. Friday was the witness.

So I separate the A.O. with the workers and told him to take a 10mins break.

As he came back, I told Issias to let A.O. to palletize outside in the warehouse. Issias told him and he went.

15mins later I went back to the MV2 to noticed him working inside the room. I asked him why he was in the room and told him that I wanted him outside palletizing. He told me that he wanted to go back to his room (orics 6). It was 2 hours before we are done with the shift, so I decided that he can go home and also I didn't like the way he told me that he wanted to go back.

He also mentioned that someone told him to palletize for 10mins when the other person comes back. It was a missed communication between Issias and I.

I have heard that he has been giving people a hard time in the MV1 and Orics 6 room.

I told him to go to CMG tomorrow before work.

Could you talk to him please about the argument he had with Cho euth and sreymom?

Thanks
