WORK EXPERIENCE

MOVER/PACKER

Evergreen Mountain Movers (2020-2022)

At this company I became a shift lead in about 2 months. I would show up everyday and work hard. I would be in charge of making sure each job went as smooth and quick as possible, and made sure the client was satisfied with the job.

CONSTRUCTION WORKER

ICI LLC (2022-2023)

At ICI I was an apprentice and I learned how to frame metal and drywall. I also did insulation. during my time with ICI I was sent out to Wyoming to do a couple projects and I learned how to do decking as well.

CONSTRUCTION WORKER

I I also work in the afternoons with my uncle doing side jobs. I've been working with him for about 4 years now. What we do is home remodeling including framing, drywall, texture, tile, flooring, and some small electrical and plumbing work.

DIESEL MECHANIC

Independent Rebuild Specialist (October 2024- NOW)

At Independent I am on the tear down crew. Tearing down Caterpillar engines for example, C-175, 3500's, D-11"s, etc. We tear down the engines and clean up the parts, I pressure wash parts, run them through the beads blaster, sand blast, and wire wheel parts.
