

Adam L. Johnson

36467 Forest Blvd. □ North Branch, MN 55056 □ (763) 744-6188 □ ogre_bigj@yahoo.com

Objective

Obtain a challenging position that allows me to apply my knowledge, skills, and experiences to perform job duties to the best of my abilities.

Profile

Highly motivated, personable, mechanically inclined professional with years of experience in industrial manufacturing, industrial construction, machinery maintenance, heavy equipment operation.

Exceedingly skilled in welding trades such as SMAW, GTAW, GMAW and FCAW on various thicknesses.

Very knowledgeable on safety in the work place. Have completed OSHA 16, Confined Space training, and CPR/First Aid.

Flexible, organized, and versatile - able to maintain a sense of humor under pressure.

Experienced working in culturally diverse atmospheres.

Thrives in deadline-driven environments with an excitement to rise above challenges.

Excellent skills in team-building and conflict resolution.

Strengths Summary

- ◆ Welding
- ◆ Rigging
- ◆ Fabrication
- ◆ Interpreting blueprints
- ◆ Sales
- ◆ Surpassing Challenges
- ◆ Machining
- ◆ Engineering
- ◆ Risk Management
- ◆ Metal finishing
- ◆ Engine rebuilding
- ◆ Logging
- ◆ Landscaping
- ◆ Machine Maintenance

Professional Experience

MANUFACTURING

- ◆ Actively weld quality parts in a fast paced environment.
- ◆ Inspect parts for quality assurance and safety.
- ◆ Accurately measure parts using calipers, micrometers, bore gages, height gages and tape measures to keep parts within high tolerances to meet customer specifications.
- ◆ Create a quality metal finishes by using a variety of techniques.
- ◆ Build a safe and productive work environment by keeping work areas clean and organized.
- ◆ Lead and help inform others of safe work practices.

CONSTRUCTION/ MACHINERY MAINTANANCE

- ◆ Highly experienced in the operation and maintenance of many forms of heavy equipment.
 - ◆ Bobcats, Frontend Loaders, Forklifts (industrial/off-road), Man lifts, Track hoes, Screeners, Tree Waste Grinders...
- ◆ Extensive knowledge of Rigging and working with large cranes (overhead and Truck).
 - ◆ Demonstrates proper hand signals when working with crane operators.
 - ◆ Highly experienced mitigating risk to prevent workplace injuries.
- ◆ Ability to perform preventative maintenance on heavy equipment and machinery.

MILLWRIGHT

- ◆ Proficient in precision movement of machinery.
- ◆ Ability to construct, deconstruct and maintain complex conveyer systems
- ◆ Extensive experience with
 - ◆ Turbines, conveyers, compressors, machinery alignment, optical leveling, welding, and a variety of pumps and motors.
- ◆ Talented blueprint reader.
- ◆ Strong knowledge in, and follows lockout/tagout procedures.
