Hello, I am 19 years old and wish to be a leader. I grew up in the country and learned hard work ethic since I was a child . Now, I own a successful carpentry business of my own (Goldfain Enterprises). I love helping people problem solve while pushing them to be the best that can. I love what I do, however, I am looking for a business that will treat me well for my hard work and skill set.

Willing to relocate: Anywhere

## Work Experience

---

### **Owner**

Goldfain Enterprises (Carpentry) - Fort Collins, CO

August 2022 to Present

I am a self-employed carpenter that manages the other carpenters; i.e. problem solving, answering simple construction questions, giving out itineraries for the week, etc. I will also help them by doing my fair share in completing the construction process. Along with commercial jobs, I have also remodeled and finished residential homes. With these types of jobs, I will also include tile work and some flooring.

### **Finish Carpenter/Installer**

Buck Enterprises - Fort Collins, CO

May 2019 to July 2022

Started out as an apprentice and worked until I was able to do jobs by myself.

## Education

---

### **High school diploma**

Liberty Common High School - Fort Collins, CO

### **Apprenticeship at Bruck Carpentry in Carpentry**
