## Work Experience

---

### **Receiving Clerk**

Liberty Wire & Cable - Denver, CO

September 2022 to December 2022

Load and unload freight. receive all inventory and put away into locations using a reach truck for the full pallets, put away by hand for single and smaller boxes. Always use the scanner when putting inventory into locations. whenever all is received i would turn to picking orders using an order picker, then package items to be ready to be shipped and delivered.

### **Parts Operator/ Warehouse Supervisor**

Christopher's Dodge Ram - Golden, CO

October 2021 to August 2022

Managed all products ordered. Loaded and unloaded company vehicles. Delivered products to customers. Picked up any returns from customer. Picked up customer payments to deliver back to Christopher Dodge Ram. After 8 months became a supervisor, supervised all orders being picked and to be delivered by other drivers. Supervised all drivers routes. Managed all inventory and placement.

### **Shipping and Recieving Clerk**

Harvest Sensations - Doral, FL

March 2019 to July 2020

Responsible for shipping and receiving of produce. Inspected quantity and quality of products. Reported inconsistencies with products. Coordinated drivers to desired loading docks as orders were available to be loaded. give driver's estimates on when the orders would be ready for pickup.

### **Logistics coodinator**

Zuo modern - Miami, FL

January 2018 to March 2019

I ship orders and also receive. Drive forklift and stock up inventory. I ship LTL, FTL and also can ship ground orders as well. I wrap and tie the merchandise onto the pallets. I use computer slot to ship all orders and reply to customers and sells persons. I set up appointments for deliveries to arrive on time. Create bill of ladings. Book freight carriers for pick up and delivery. Send quotes and rates to sells persons to show customers for approval. Also drive forklift to assist in inventory and loading containers. I work with excel and emails. I also can edit and correct any pdf formats.
