+1 864 566 1135

Looking to work for a reputable company in order to apply my skillset by being efficient & productive to all applicable positions/ duties.

## Work Experience

---

### **Quality Assurance Lead**

Alltrista - Greer, SC

January 2022 to November 2022

Responsible for 3rd shift Quality operations and documentations. Audited and reviewed all paperwork produced by production line leads and supervisors, as well as all Quality techs whom I trained on all aspects of their daily duties and responsibilities. Reported and held meetings with my 1st shift Quality supervisor. Also conducted daily meetings with my Quality team on 3rd shift as well as 1st shift about daily agendas, problems and solutions. Also created documents to make operations run more cohesive for production and quality of product to be able to better satisfy the customers orders. Alltrista distributes covid kits internationally for private companies as well as for the USA government.

### **CNC Machinist**

Technico Machining - Spartanburg, SC
