## Work Experience

---

### **Loader/Replenisher/Checker**

Pepsi Beverages Company - Denver, CO

August 2015 to October 2016

Safely operated electric pallet jack and utilized vocollect voice system going isle to isle, scanning and picking/placing various beverage products onto pallets, while meeting an accuracy percentage and daily efficiency. After pallet was completed, wrapped and staged on side of bay trucks to then be loaded. Handled all will-call orders and personally greeted consumer and assisted with the loading of goods onto vehicle. After all individual orders were finished, either operated forklift and helped with the replenishment of product, or contributed to the checking of merchandise on designated/flagged pallets, also while meeting a production quota. At the end of each shift, took inventory and participated in extensive cleaning of warehouse.

### **Trainer/Order Builder**

Swire Coca-Cola - Denver, CO

June 2013 to April 2015

Duties were to be the face of the company while giving new hires a tour of the facility, and introducing them to all warehouse protocols. Demonstrated how to properly build, wrap, and load a stable pallet consisting of various shaped/sized beverages, onto outgoing trailers stationed on the dock. Wrote down notes of employee's strengths and weaknesses, and helped resolve any problems or issues, such as not meeting individual production standards. Reported and gave all feedback and input to the supervisor. When not training, would either help deplete the bulk of the order build volume, operated a forklift and assisted with the filling and finishing of full-service trucks, or was on the dock performing various tasks.

### **Delivery Driver/Warehouse Associate**

AVI Roofing & Gutter - Denver, CO

January 2012 to February 2013

Loaded and strapped finished sheet metal pieces onto company flatbed truck, both manually and via forklift. Reviewed all merchandise and checked that everything corresponded to matching invoices before departing work premises. Delivered to customer residences and local businesses in a safe and timely manner, while interacting with consumer reassuring product satisfied their needs and arrived as expected. Also purchased and collected additional material at manager's request. Performed pre/post trip inspections on vehicle, and logged all drop-offs and pick-ups that occurred that day. When not on the road, would help shop foreman with miscellaneous projects, and made sure he had all supplies needed.
