Work Experience

Emergency Response Member

Service Master

April 2019 to September 2019

Performed Interior cleanup and repair for industrial and residential buildings after natural disaster, fires, or floods. On call 24 hours a day seven days a week with two other employees at our office.

Field Maintenance Technician

ATLAS PACIFIC - Owatonna, MN

May 2018 to March 2019

Maintain, troubleshoot, install, upgrade, and rebuild machines for the sweet corn canning industry. This included schematics, installing all electrical, and hydraulic lines, pumps, pneumatics, motors, electrical, mechanical, and welding.

Strong preventative and predictive maintenance to improve quality and safety measures. Strong mentoring and leadership qualities, however someone who thoroughly enjoys the maintenance mechanic role.

Maintenance Technician

QUALITY PORK PROCESSORS

January 2017 to March 2018

Troubleshoot mechanical breakdowns during production in order to keep lines running and improve efficiencies. This included everything from simple resetting of photo eyes, to replacing blown hydraulic lines in dumper and lifters, hydraulics, pneumatics, schematics, electrical and mechanical, welding, boilers and all hand tools. Also perform weekly preventive and predictive tasks; Conveyor repair and replacement; Weld numerous types of metal; Internal and External building maintenance; Replace parts and components, as well as entire systems, some programming.

Operate hand and power tools to complete repairs in a safe and accurate manner. Safety Training

Maintenance Mechanic

BELLISIO FOODS

February 2016 to December 2016

Accurately read blueprints and repair manuals to identify mechanical problems and fix them; ongoing preventative and predictive maintenance; complete all repairs and maintenance work to company standards & safety compliance; Performed boiler, ammonia, service and checks, pH checks on water, monthly complete system flush, every six months drained and clean the entire boiler scale and soot and mineral deposits, fire tube and water tubes to

regain efficiency and save on fuel, and building maintenance, checks, and repairs. Skilled with all hand tools to mount, install, service and secure machines and conveyors.

Dry Sausage Oven Operator/ Forklift Operator/Maintenance

HORMEL FOODS

February 2011 to December 2015

Load and monitor cook ovens; Document temperature, moisture, and pH limits for human consumption. Instructed oven unloader where to properly store different types of products into dry rooms. Performed maintenance, repair when needed, some electrical, mechanical, hydraulic, pneumatic, schematic and welding.

Field Artillery Cannon Crewmember

U.S. ARMY 1/41 FA - Fort Stewart, GA

May 2003 to January 2011

in a Paliden. Became a Sergeant in charge of four soldiers who I helped train. Reinstated for a four year extension. War veteran with honorable discharge.

Manual Machinist

A.C. TOOL AND MACHINE - Germantown, WI

March 1993 to July 2002

I learned how to set speeds and feeds for machining a variety of metals, in many different types of manual machines, such as lathes, mills, saws and grinders. Also experience in CNC turning centers with some programming and CNC milling machines. Schematics, welding, mechanical, preventative measures, strong safety trainings, ability to repair anything needed, enjoy finding ways to make process more efficient.
