Authorized to work in the US for any employer

## Work Experience

---

### **Electronic Assembler**

Colorado Time Systems - Loveland, CO

July 2021 to Present

Analyze and utilise a massive amount of different and unique instructions and blueprints; to build a massive variety of different scoreboards, shot clocks, and computers.

Mastered the skill of trouble shooting as many issues come up in a variety of different ways when using components and parts that are made out of house/out of country.

I learned to build over 30 different scoreboards within two months time with very limited training.

Learned of the importance of proper grounding and following esd guidelines to a tee.

I took over the role of doing the majority of all of the builds. Which the man who was doing that before me had almost 40 years to learn and master that. I had two months.

### **Sales Associate**

711 Franchise - Fort Collins, CO

August 2020 to Present

Excelled in keeping customers both satisfied as well as coming back with a smile on their face. Mastered receiving our product and merchandise from two different trucks. That includes checking a order sheet for product numbers and scanning the product in and making sure that the numbers match up. When numbers don't match up; asking for credit so that we don't get charged for product that we didn't get. I call it product referencing. Kept the store clean and organized as well as stocked. Memorized all sales plans and effectively related them to customers to keep them updated on all of our new deals. learned how to affectively keep product security.

### **Laborer**

JGoodell Homes - Fort Collins, CO

January 2013 to September 2020

Anywhere from demolition work to clean up work, to even landscaping; I affectively learned to do so. I tore apart houses and made sure that they had a clean gut. Sometimes I did the yards.

### **Warehouse Technician 2**

I.T. Refresh - Fort Collins, CO

September 2019 to March 2020

Follow a strict set of safety guidelines and protocols that meet OSHA standard; all while disassembling old electronics and sorting them into correct boxes for recycling. Thrived in an environment that required

constant fast paced work as well as heavy lifting. Constant improvising. Handled shipping and handling. Excelled in packing boxes in tight fitting that ensured product security and integrity. Mastered packing product with very limited supplies. Very detail orientated!!

### **General Laborer**

VALENCIA CONSTRUCTION INC

May 2018 to June 2018

Creating a safe and secure foundation for Concrete to be poured all while making sure that the site itself is safe, as well as bending rebar to proper angles and shapes.

### **COURTESY CLERK, 7-11**

7-Eleven - Fort Collins, CO

March 2016 to August 2016

Provide satisfactory customer service, maintaining a clean and safe store as well as store front, keeping product fresh, stocking and maintaining products.
