

Andrew Bennett
4603 Otis St Apt C
Wheat Ridge, Co 80033
720-327-6849

Several years experience in lawn care and landscaping of which I was self employed and managed multiple crews. I also have experience working on a farm as well as in a warehouse. I am a motivated self starter who can get the job done. I am creative and have great mathematical skills as well as the ability to multitask. I enjoy working with my hands and find building and completing projects gives me a great sense of satisfaction. I have been running equipment for the last three years ranging from skid steer, loaders, excavators, water truck, scrapers and compactors. I am looking for a career and the ability to learn skills that I can use for the rest of my life. I am looking to continue running equipment or start a new career with my educational background.
