PROFILE

Detail-oriented professional, with 4 years of experience working at a reputable Environmental Laboratory, as well as 7 years at multiple high end restaurants. Skilled in leadership, relationship building, and dependable at getting the job done on time and exceeding expectations.

EMPLOYMENT HISTORY

July 2019-March 2023
Cincinnati, Ohio

Team Lead, Analyst, and Lab Technician, at ALS Environmental Laboratory

- Managed a small team of staff members, ensured daily tasks were met and reports were delivered to Project Managers on time and within budget. Analyzed data and created reports. Maintained a strong key focus on achieving metrics, and interpersonal skills with clients and employees.
- Operated instruments such as ICP, HPLC, and created data reports. Sample preparation (Soil, Water, Wipes, and Air Filters), Experience with common laboratory equipment (Balances, Glassware, Acids, Stoves, Element Standards, etc.), Trained on hazardous waste disposal. Responsible for placing laboratory equipment orders for my department.

June 2015- July 2019
Cincinnati, Ohio

BackWaiter, at Jeff Ruby's "The Precinct" Fine Dining Restaurant

- Jeff Ruby is one of the most successful restaurant owners in the country. A highly detailed work environment, with a focus on customer service. His Precinct Steakhouse in Cincinnati is one of the flagship establishments of his business, serving some of the most influential people and businesses in the area. While working here, I created and maintained relationships with influencers, celebrities, and investors. I was always expected to have peak customer care and treat guests like I would in my own home.

Ohio River Foundation – (July 2013)

- Environmental clean up and trail maintenance, ecological field research including water and soil sampling, tree measurements, plant identification.
-
