Very positive team player seeking employment opportunity where I am able to use my certifications and knowledge to help maintain, improve, and grow with the company and continue to excel my career.

Maintenance Technician

BLDG Management- Aurora, Co
5/2017-1/2020
Lyn Montez

- Have demonstrated strong leadership role while management is away.
- Able to adapt to any property I am placed and interact with residents on a daily basis ending in great reviews.
- I have made an effort to receive certifications to be enabled to have more flexibility as a tech.

Electro-Plating Line Operator

Denver Metal Finishing
2/2016-3/2017
David Deeds

- Showed responsibility when handling heavy machinery throughout the day.
- Worked with different chemicals and metals while using safety protocols.
- Prepared and operated multiple lines for the process of chemically electro-plating various metals.

Voltage Electrician Low

Ebode Xssentials

9/2014-2/2016

Trumaine Montoya

- Had the opportunity to install and repair various low voltage wiring, control panels, security systems, and home entertainment systems.
- I was able to learn many of my wiring experience through this career and can use.
- With this career I was able to become very interactive with new people on a daily basis and show trustworthiness.

Concrete Reinforcement Specialist

Pacheco's Construction Products

2/2010-8/2014

- Prepare and reinforce with steel rebar precast and custom precast forms to specific measurements.
- Direct, prepare, and operate concrete truck chute to efficiently pour prepared precast forms for next step which is removal of air bubbles by vibration and finishing with trowel.
- Operation of heavy machinery such as one ton forklift, front-end loader, and bobcat skidster forklift for preparation and removal of precast forms.

Certifications

- CPO(Certified Pool Operator).
- EPA Type 1&2.
- Adult and Pediatric CPR, First Aid and AED.
