Work Experience

Lead in Polishing Department

ATG SPRINGS FABRICATION

September 2018 to January 2020

Managed distribution of tasks and ensured that projects were completed on time. Trained new employees. Communicated and planned with other leads in other departments, especially in Fabrication. Took inventory of tools and supplies. Ensured cleanliness and compliance with COVID protocol. Used blueprints and an assortment of tools to polish stainless steel intended for radiation and pharmaceutical use. Lifted around 100lb daily.

Grinder and Assembler

MONARCH METAL MANUFACTURING

September 2015 to September 2018

Second lead in grinding department. Grinded metal for various uses such as bleachers, exercise equipment, drains, and more. Read blueprints to assemble different products. Assisted in shipping line when short-staffed. Lifted around 100lb daily.

Drill Press Operator

WANKO INC

August 2014 to September 2015

Worked with a drill press to drill holes on many sizes of metal that were then made into polls on street signs.
