## Work Experience

---

### Mill Operator

Jack's Bean Co - Holyoke, CO

2014 to Present

Process dry beans through mills and gravity tables, unload/load trucks with forklift, clean equipment to avoid contamination, maintain equipment and coordinate repairs and upgrades. Operate, and understand, all functions pertaining to mills, work with other departments, and outside vendors, to ensure that operations run smoothly.

### Production Warehouse Worker

Northwest Door - Denver, CO

2012 to 2014

Install windows in residential and commercial garage doors, helped customers load doors and provided them with hardware. Unload delivery trucks and inventoried materials in the warehouse. Completed inventory counts weekly and complete general cleaning details.

### Sheet Metal Foreman

Black Roofing - Boulder, CO

2007 to 2012

Install assemblies that included flashing, pipes, tubes, casings, rain gutters, and down spouts. Select gauges and types of sheet metal per product specifications. Drill and punch holes in metal, for screws, bolts, and rivets. Fasten seams and joints together with welds, bolts, rivets, solder, caulks, metal drive clips, and bonds to assemble components into products or to repair sheet metal items. Fabricate or alter parts at construction sites, using shears, hammers, punches, and drills, as well as an assortment of other power tools required.

### Package Handler

Federal Express

2006 to 2007

Load and unload parcels and packages off the trucks. Follow direction from the manager at the beginning of the shift to complete assigned task within a specific time frame. Ensure that procedures and policies were followed so that the parcels and packages remain intact, and reported any discrepancies in the cargo received.
