Seeking a position that enhances and utilizes my skills and abilities.

Work Experience

Order Selector

KeHE Distributors - Aurora, CO

January 2022 to Present

Warehouse Associate

Precision Building Systems - Denver, CO

November 2021 to Present

Construct wall panels and trusses using blueprints while checking to make sure each piece is sturdy and safe. As well as preparing them for safe transportation.

Packager

CMH Brands / Willie's Reserve - Denver, CO

October 2020 to November 2021

This position is in charge of weighing and packaging the flower or other cannabis products. I am required to accurately weigh out the flower and put them into the correct packaging. This position is also the last person to ensure that the packaging of the product is completely compliant.

Harvest Technician

Summit concentrates - Denver, CO

January 2018 to March 2020

Duties may include tilling soil and applying fertilizers, transplanting, weeding, thinning, or pruning crops. As well as cleaning, packing, and loading harvested products.

Trimmer

Rocky Mountain High - Denver, CO

July 2017 to February 2018

My everyday tasks included: Cross checking strains, by looking at product tags, as well having knowledge to decipher which plants were which, to make sure none are mixed. Also weighing plants before they are shucked. Then weigh the trimmed product and stems separate.

Work Duration: July/2017- February/2018
