

Arlen A. Apitz
7130 Corliss Way East, Inver Grove Heights, MN 55076
651-451-9836

EDUCATION

- Graduated from Simley High School, Inver Grove Heights, MN 55076.
- Various classes/seminars sponsored by former employer: leadership skills, safety, and EPA regulations.

EXPERIENCE

Spectro Alloys, Rosemount, MN. October 1973 - May 2012

- Position held: Lead man/chief operator.
- Spectro Alloys is an aluminum smelter with two operating furnaces, 220,000 lbs. and 300,000 lbs. They melt aluminum scrap into specific alloys for manufacturers. I was responsible for the operation of one of the two furnaces, overseeing and participating in all parts of the process: sorting and grading scrap, the drying process, loading the furnace, controlling the specs for each specific alloy, tapping, stacking ingots, then refilling the furnace. Also included was monitoring smoke emissions and operating machinery - forklift and front end loader. Occasional involvement in shipping and receiving. I have a strong work ethic and commitment to any job I undertake.
