Professional Skills and Experience Summary

Prepares work to be accomplished by studying assembly instructions, and parts lists; gathering parts, subassemblies, tools, and materials. In addition, responsible for assigned area of manufacturing operations, including production, packaging, and/or processing of ingredients. I also had experience in assembling components by examining connections for correct fit; fastening parts and subassemblies. Melt and apply solder to fill holes, using soldering iron, and electric-ultrasonic equipment. Additionally, I can speak three languages: Hmong, English, and Thai.

EDUCATION AND CERTIFICATE

Khonken High School

Khonken, Thailand, May 2000

- High School Diploma

Catawba Valley Community College

Hickory, NC 2003-2004

- English As a Second Language level 3
- Certificate of Completion on Job training (Soldering Assembler) 2004-2007
- GED

2004

WORK EXPERIENCE

June 2003 – May 2011 Assembly & Production Claremont, North Carolina

Advance Pierre Foods

- Assemble and prepare goods for shipment.
- Complete quality assurance testing on goods and products.
- Maintain proper storage for material and product inventory in warehouses.
- Organize inventory in an easy-to-access process.
- Utilize machinery such as forklifts to load orders
- Maintain the quality and upkeep of warehouse equipment including machinery.
- Move materials or completed products and packages to established locations.

September 2011- May 2014 Cleaner, Associated Mennonite Biblical Seminary Elkhart, IN

- Cleaning, stocking and supplying designated facility areas (dusting, sweeping, vacuuming, mopping, cleaning ceiling vents, restroom cleaning etc)
- Performing and documenting routine inspection and maintenance activities
- Carry out heavy cleaning tasks and special projects.

August 2014-December 2021 Soldering Assembler Clear Blue Engineering, Lafayette, CO

- Perform hand soldering of through hole and SMT components.
- Identified and implied safety protocols when dealing with electricity and motors.
- Follow documented work instructions, worked in a warehouse environment.
- Use of manual and power tools, as well as basic measurement equipment.
- Reading and interpreting assembly blueprints, wiring diagrams, schematics, and receiving verbal instructions on multiple projects.
- Follow policies and procedures to ensure a safe work environment.
- Prepares wire for assembly by cutting, crimping stripping, and attaching terminals.
- Route out, assembles, wires, adjusts, fits, and modifies parts, components, and sub-assemblies to form completed control assembly.
- Checks electrical & mechanical performance of completed.

**December 2021-April. 2024 Soldering Assembler
Louisville, CO**

Boulder Amplifiers,

- Melts and applies solder along adjoining edges of workpieces to solder joints, using soldering iron, gas torch, or electric-ultrasonic equipment.
- Perform quality control of installation, wiring, or other components that may affect the operation of the electrical systems.
- Route and attach wires and connectors to form circuitry.
- Assemble products using hand and power tools.
- Cut wire and prepare leads as required.
- Operate Komax cutter/stripper machine, proper hand tools and thermal handheld wire stripper.
- Operate soldering station and control tip temperature to optimize quality and output.
- Provide on demand soldering services to the production floor.
- Monitor wire and other supply inventories, and initiate replacement orders as needed.
- Prepares and solders all levels of electronic components onto Printed Circuit Boards (PCB's) according to specifications.
- Identify, segregate, and provide disposition recommendations for non-conforming material.

Additional Core Qualifications

- Strong experience in electronic soldering and testing activities.
- Good proficiency in process specifications, manufacturing practices and standardized assembly operations.
- Physical ability to complete job duties, which may include standing for long periods, working in a space that lacks climate control or lifting objects with an established maximum weight.
- Ability to follow directions accurately.
- Attention to detail and organization skills.
