- Ability to Train Others.
- Forklift Operator pallet stacker, Stand up electric and sit down propane lift.
- Basic construction building skills.

## **ACTIVITIES**

I enjoy spending time in the mountains camping, canoeing hiking and fishing. After traveling and being on the road I was tired of eating out all the time, so I started cooking and enjoy trying new things. Spending time with family and friends is important. I spend at least one night a week having dinner with my mom and helping her with what needs done at her house.
